1. Introduction

Tanzania Revenue Authority (TRA) recognizes that, there is a need to make an effort in creating a suitable tax regime for Non-resident electronic service Providers/Suppliers conducting business in Tanzania without having a fixed place. Consequently, the Authority undertook measures aimed at enhancing its return filing and tax payment systems in order to accommodate Non-resident electronic service providers/suppliers.

Specifically, the enhancement aimed at providing a platform for return filing and tax payment for Non-resident electronic service providers/suppliers through a simplified online and payment framework. This platform will enable the Non-resident electronic service providers/suppliers to effectively and efficiently fulfill their tax obligations in terms of return filing and payment of tax liabilities.

This User Manual (UM) provides a detailed guidance for Non-Resident electronic service providers/suppliers on how to effectively use the portal to file returns and pay income tax and Value Added Taxes (VAT).

2. Overview

Non-resident electronic service providers'/suppliers' Return filing portal shall enable Non-resident Electronic Service Providers/Suppliers to file and register their payment particulars through a simplified online platform. The illustration in this manual has used **LAST CHANCE and Test Final** as an individual business name and entity respectfully, to assist users to quickly familiarize with the entire process.

Key features or major functions performed by the system

- Return Filing (VAT and IT)
- Tax payment

User access

- Non-resident user will access the portal for filing and make payments using link provided through his /her corporate/business email address.
- Non-resident users will use login credentials sent to business/corporate email address provided for sign in.
- The portal will be online and can be accessed in different browsers such as Opera, Chrome, Mozilla etc.
- Applicant must have an access to his/her corporate/business email address
- The initial password provided by the system through the user's business/corporate email shall be a temporary, of which upon initial login the system requires the user to change such a password via a system provided change password screen.

This screen requires the user to enter current password and the new password created by the user, the system further requires the user to confirm the new password and finally update it.

The Current password refers to the user's initial password retrieved from the business/corporate email while the new password refers to the User's created email by following the system password strength interactive guidelines.

The screenshot displays the TAXPAYER PORTAL interface. On the left, a sidebar under 'Payment Service' shows a user profile for '157-945-076 LAST CHANCE' and a list of services including 'Control Number Status', which is currently selected. The main content area features a search bar with the text '993090004937' entered. A red rectangular box highlights the search bar and the 'search' button. The footer of the page includes the text 'Tanzania Revenue Authority © 2021 - 2022 All rights reserved' and 'Payment Service'.
